

29th June 2021

O2 Broking have decided to transform to full limited company

After successfully having been accepted as Lloyd's Broker during 2020, O2 Broking have had a very successful annual result in 2020 with a 74.6% growth in annual gross profit and an annual result of 575,613 DKK in 2020.

To continue the company's positive development the company, have as per 29th of June 2021 been transformed from an ApS to a A/S and while doing so we are increasing the capital from 50,000 DKK to 400,000 DKK.

This transformation has been carried out to show the owners commitment to the continued development of the company and secure our clients a stronger solidity when dealing with O2 Broking A/S.

Despite the impact of the Covid Virus O2 Broking A/S have experienced positive growth during 2021, and we have during the last couple of months closed several new deals with agents and insurers in the market.

In the aftermath of Brexit O2 Broking A/S have secured new business in corporation with brokers already working in with the EU clients from their UK based company. This growth are expected to continue. O2 Broking A/S is committed to assisting market players and the Lloyd's market in the transition of business into Lloyd's Insurance Company (LIC).
